

Resources

The following CPR resources are available for download from the *CPR for Life in schools* website located at www.ambulance.qld.gov.au/schoolcpr or can be purchased through the Queensland Ambulance Service by telephone on FreeCall 1300 369 003.

***CPR for Life in schools* Training resource kit (complete kit)**

This kit contains equipment to train 20 students. Schools are provided with enough kits to train their Year 12 enrolments.

***CPR for Life in schools* Teachers' pack**

The Teachers' pack included in the Training resource kit provides information about the *CPR for Life in schools* program for school coordinators.

***CPR for Life* Teacher demonstration DVD**

The *CPR for Life* Teacher demonstration DVD is provided in the Training resource kit to train teachers in the skills and knowledge they require to confidently implement CPR training to students.

***CPR for Life in schools* Student training DVD**

The role play *CPR for Life in schools* Student training DVD is provided in the Training resource kit for student CPR training.

***CPR for Life in schools* Technique chart**

The *CPR for Life in schools* Technique chart included in the Training resource kit can be used as a class set for students when they participate in *CPR for Life* training.

***CPR for Life in schools* Step wallet cards**

CPR for Life in schools Step wallet cards provide a pocket-sized, step-by-step guide on how to administer CPR that can be given to students who complete CPR training. Each Training resource kit contains 200 *CPR for Life in schools* Step wallet cards.

***CPR for Life* Action plan poster**

This A3 *CPR for Life* Action plan poster provides the steps to follow to administer CPR.

***CPR for Life* Peer trainer's manual**

The *CPR for Life* Peer trainer's manual provides additional information for teachers to implement CPR training to students.

***CPR for Life* Participation certificates**

The *CPR for Life* Participation certificates are awarded to students in recognition of their participation in *CPR for Life* skills training.
